SUMMARY

Results-driven Software Developer with expertise in Front-End and Full-Stack development, focused on delivering scalable and efficient solutions. Passionate about adopting emerging technologies and optimizing performance. Thrives on new challenges with a growth mindset, continually enhancing skills.

EDUCATION

- | | | |
|--------|--|----------------|
| • 2024 | BE in Computer Science, GEC Koppal | (CGPA: 8.3/10) |
| • 2020 | Senior Secondary (XII), S.G College, Koppal | 89% |
| • 2018 | Secondary (X), Trinity Public School, Koppal | 93% |

EXPERIENCE

Full Stack Development Trainee — Kodnest Technologies, Bengaluru 2024

- Built scalable backend systems using Java, Spring Boot, SQL, and MongoDB.
- Developed responsive front-end interfaces with HTML, CSS, JavaScript, and React.
- Focused on optimized user experience and scalable application architecture.

Software Developer Intern — Rexroth Bosch, Bengaluru Aug 2023 – Sep 2023

- Engineered a Pump Search Application in Python to automate metadata processing and streamline
- Excel-based data integration.
- Designed an intuitive, filter-driven UI for efficient attribute-based searches.
- Developed and deployed Flask-based REST APIs with enhanced CORS policies for secure and scalable cross-origin communication.

PROJECTS

Drone-Based Magnetic Intelligent Sensing System May 2024

Led the development of an autonomous drone system equipped with magnetic sensors for precision field analysis. Engineered a robust data integration model to aggregate multi-sensor inputs, enhancing real-time assessment accuracy and supporting data-driven decision-making.

CERTIFICATIONS

- | | |
|--|----------|
| • JavaScript – Simplilearn. | Aug 2025 |
| • PostgreSQL – Simplilearn. | May 2025 |
| • Full Stack Development (Java) – Kodnest. | Mar 2025 |

SKILLS

- | | |
|------------------------------|---|
| • Technical Languages | Java, JavaScript (Loops, Functions, DOM), HTML, CSS, SQL |
| • Databases | SQL, RDBMS |
| • Tools / IDEs | Visual Studio Code, IntelliJ IDEA |
| • Operating Systems | Windows, macOS |
| • Soft Skills | Communication, Teamwork, Critical Thinking, Leadership, Adaptability. |

VOLUNTEERING

- Coordinated an Organ Donation March, engaging medical professionals and community members to raise awareness.
- Organized an awareness program for Azadi Ka Amrit Mahotsav under NSS, promoting independence and civic responsibility.
